

BILL CAP - WATERSURE APPLICATION FORM

Who would qualify?

We can help you if you have a low income and the water for your household is supplied by a meter. We can help by putting a limit on your charges for water and sewerage services, as long as you meet the following conditions.

- Your supply is metered.
- The person who pays the water bill or someone else in your household receives an Income Related benefit or Tax Credit (please see page 3 for a list of benefits which qualify) **and**
- **In addition to this;**
 - a) You or someone living in your household are in receipt of **Child Benefit for 3 or more children** under the age of 19; or
 - b) You or someone living in your household has a medical condition that means they use a lot of extra water.

What would my bill be capped at?

This year, the reduced charges for the scheme are:

**For the period 1 April 2024 to 31 March 2025.
£173.31 for water charges and £187.75 for sewerage charges.**

Once the bill cap has been applied, if your actual metered bill is lower than the reduced charges, we will only charge you the lower amount.
