WATERSURE APPLICATION FORM

Who would qualify?

WaterSure can help you if you have a low income and the water for your household is supplied by a meter. We can help by putting a limit on your charges for water and sewerage services, as long as you meet the following conditions.

- Your supply is metered.
- The person who pays the water bill or someone else in your household receives an Income Related benefit or Tax Credit (please see page 3 for a list of benefits which qualify) **and**
- In addition to this;
 - a) You or someone living in your household are in receipt of **Child Benefit** for **3 or more children** under the age of 19; or
 - b) You or someone living in your household has a medical condition that means they use a lot of extra water.

What would my bill be capped at?

This year, the reduced charges for the WaterSure scheme are:

For the period 1 April 2022 to 31 March 2023 £153.35 for water charges and £157.02 for sewerage charge.

If your current charges are more than this, you may be entitled to pay the reduced charge. Once on the WaterSure scheme, if your actual metered bill is lower than the reduced charges, we will only charge you the lower amount.
