

GREASE MANAGEMENT CONTRACTORS

These companies are not endorsed by Northumbrian Water Group (NWG), nor do we warrant or give any guarantee of workmanship. This is a non-exhaustive list of suppliers to assist in sourcing fats, oils and grease (FOG) management for your business premises. Some suppliers may be better suited to help with sourcing either industrial or independent food service establishments.

NWG does not encourage the purchase of a grease trap from online marketplaces and would recommend requesting a kitchen survey before buying to outline sizing and connection requirements. Regular maintenance of a grease trap is essential to make sure it is functioning adequately.

GREASE TRAP INSTALLERS

Aqua Mundus

Tel: 01386 832205
Email: services@aquamundus.co.uk
Web: www.aquamundus.co.uk

Cleveland Biotech Ltd
