### Section 1 – Applicant Details (\*field must be completed)

Please tell us who you are and how we can get in touch

Name	*		
Address & Postcode	*		
Email		Tel No.	*

How many properties are requesting the provision of a Public Sewer?

Household		Non Household	
-----------	--	---------------	--

Please list the dwellings in Appendix A.

Note: only properties that discharge domestic sewage are eligible to be included in an application and the duty to provide a sewer does not arise if the application is solely for one building.

Please indicate the number of dwellings that are connected to the system that is causing the environmental or amenity issue

Household		Non Household	
-----------	--	---------------	--

(Please indicate the cause of the issue(s) in Appendix A)

Are there any other occupiers of eligible buildings in the locality that you have discussed the matter with who have expressed an interest in connecting to a public sewer if it was provided? Please provide details of who you have spoken to below (continue on separate sheet if necessary). Please note that anyone wishing to connect to a new public sewer will be responsible for the costs involved in connecting their private drains to a new public sewer.

### Section 2 - Reasons for Requesting the Provision of a Public Sewer

Please specify why you believe the provision of a public sewer is necessary e.g. Health, Amenity, Environmental, etc. Please describe the nature and extent of existing or potential environment or amenity problems caused by the existing drainage arrangements.

## Section 101A Application Form

Please supply and itemise (below) any supporting material that is relevant to this application. This should include any documents that evidence involvement with public bodies such as Environmental Health Officers, Environment Agency, etc

### Section 3 - Existing Drainage Arrangements

Please describe, in brief, the existing drainage arrangements of the properties represented in the application. Sketch plans showing the properties and drainage arrangements should also be enclosed (continue on another sheet if necessary).

### Section 4 - Remedial Work

Has any remedial work or the possibility of carrying out remedial work on the existing drainage provisions been considered/undertaken as a means of rectifying the environmental/amenity problems prior to this application?

Yes  No

If remedial work was considered what and when was it considered?

## Section 101A Application Form

If remedial work was undertaken, what was undertaken and when

If remedial work was not undertaken, please state the reason

### Section 5 - Other Relevant Information

Please state below, any other information which you feel is relevant to your application (continue on another sheet if necessary)

### Section 6 –Checklist and Declaration

Completed Appendix A

I agree to represent the applicant(s) and request that all communications be directed to me.

I agree, that for the purposes of the Water Industry Act 2003 and the Data Protection Act 1998, the information provided in this form and in any accompanying documents, may be held on a computer and processed by Northumbrian Water Ltd and its servants and agents for all purposes connected with the Company's statutory water and sewerage undertakings.
