This is drainage community reference DC_02 which is within the Hustledown area.

The drainage community is classified as high priority based upon it containing a RNAG asset discharging to an environmentally sensitive area.

The DWMP recommends that no investment is required due to the performance of the storm overflow and level of internal property flood risk in the catchment. The catchment will be monitored for future change.

The application of growth in the catchment has shown that no investment is required at the sewage treatment works.
