

Indicative primary wholesale charges for 2021/2022

FD version

Northumbrian Water Limited (NWL)

Indicative primary wholesale charges for 2021/22

Ofwat published its Wholesale Charging rules under section 66E and 117I of the Water Industry Act 1991, which sets out requirements to publish indicative primary wholesale charges for 2021/22.

NWL supplies water services in the Northumbrian Water (NW) region and in parts of Essex and Suffolk, which are known as Essex & Suffolk Water (ESW).

Prices in the NW and ESW regions are different and are shown on separate tabs. The structure of water tariffs in the two regions are the same.

NWL also supplies sewerage services in the NW region only.

On 14 February 2020, NWL formally rejected the Final Determination (FD19) published by Ofwat in December 2019 and requested Ofwat to refer it to the Competition and Markets Authority (CMA) for redetermination in accordance with the procedures under the Water Industry Act 1991 (WIA) and our Licence. Ofwat referred our FD19 to the CMA on 19 March 2020 and we submitted our Statement of Case on 2 April 2020. We received a draft redetermination from the CMA on 29 September 2020. We have therefore taken the opportunity to publish two sets of indicative charges. The first set is based on the FD19 and the second set is based on the draft CMA redetermination. At this stage in the proceedings we believe this is the most appropriate way to deal with our current position. We have based this statement on our reasonable expectations of the wholesale charges that will be set for the 2021/22 charging year via the two sources.

As the final outcomes from the CMA redetermination of the FD19 price review are not due for publication until December 2020, we must continue to draw your attention to the greater level of uncertainty around the scope of any such changes to our charges.

The charges in this document are based on the FD19.

Special Agreement Information 2021/22

General Notes:

Prices shown are wholesale charges.

All prices stated on this sheet are defined under specific agreements with individual customers, and will be applicable to specific premises (SPIDs) and not available generally.

Table 1a: Potable Water

Reference number of customer to whom potable water services is provided	Volumetric charge (£/m3) 2020/21	Standing charge (£) 2020/21	Notes
NESPOT02	0.0000	0.00	Historic allowance for up to 227m ³ per year of free water.
NESPOT03	0.0000	0.00	Historic allowance for up to 227m ³ per year of free water.
NESPOT04	0.0440	19.60	
NESPOT05	1.0692	19.60	Property Billed a set volume per year.
NESPOT06	1.0692	19.60	Property Billed a set volume per year.
NESPOT07	1.0692	19.60	Property Billed a set volume per year.
NESPOT08 - 20	0.0000	0.00	Historic free supply of water.
NESPOT22	0.0000	0.00	Historic allowance for up to 429m ³ per year of free water.
NESPOT23	0.0000	0.00	Historic allowance for up to 415m ³ per year of free water.
NESPOT24	0.0000	0.00	Historic allowance for up to 415m ³ per year of free water.

Table 1b: Non-Potable Water

Reference number of customer to whom non-potable water services is provided	Volumetric charge (£/m3) 2020/21	Standing charge (£) 2020/21	Notes
NESNONPOT2	0.9616		Provision of supply of non-potable water from redundant bore hole
NESNONPOT3	0.7959		Provision of supply of non-potable water from redundant bore hole

Table 2: Sewerage

Reference number of customer to whom sewerage services is provided	Volumetric charge (£/m3) 2020/21	Standing charge (£) 2020/21	Notes
NESSEW04 - 16	0.0000	0	Historic free supply of sewerage

Table 3: Trade Effluent

Reference number of customer to whom trade effluent services are provided		Notes
NESTE2		This contract is charged at published tariffs, but gets a daily free volume allowance.
NESTE8		This is a commercially negotiated contract. For more detail about wholesale charges, enquiries should be directed to the NWL wholesale team
NESTE9		This is a commercially negotiated contract. For more detail about wholesale charges, enquiries should be directed to the NWL wholesale team
